Fight Of Throne

*Once upon a time, there was a kingdom called Ectuman kingdom. It was one of the greatest kingdoms at the time.*

*In the year of 1518 AC, the king of that kingdom was granted two children at the same time. They were Aclyn Maflough and Zeke Maflough.*

*But Queen Elizabeth knew a secret. When a royal child turned 25 years old, their behavior would be revealed.*

*As time went by, the people believed the twin's birth was a sign of hope. However, inside the palace a different truth laid hidden.*

At the age of 24, the twin had grown up.  
Prince Zeke was strong and proud,  
but his heart was filled with envy. He wanted  
everyone to look up to him.

Command every  
soul in this  
kingdom to kneel  
before me!

Zeke Maflough

Princess Aclyn, on the other hand, was calm and thoughtful. She listened to her people, cared for the poor, and always tried to make peace with her brother.

I want everyone to be happy. Spread help to the people of Ectuman Kingdom.

Aclyn Maflough

One quiet night, in an empty hall of the castle, the Queen heard a strange sound echoing through the dark.

*The Queen could see people's auras.  
One day, she realized that Zeke had turned evil.  
But she still hoped he would change and be good  
again.*

*But the Queen decided to test the candidates once more. She brought a magic bird that could choose who was truly kind.*

The bird carried only one name, the silver-haired girl Aclyn Maflough, chosen for her kindness.

Aclyn

*Finally, Aclyn Maflough was crowned as the new queen. The people cheered with joy, for she was chosen for her kindness and gentle heart.*

## *Battle Of Throne*

*In the ancient Ectuman Kingdom, King Maflough and his queen were blessed with twins named Aclyn and Zeke Maflough. They looked almost the same, both having blue eyes. However, Aclyn was born with silver hair from her mother's bloodline, while Zeke had golden hair from their father.*

*Since childhood, Zeke often acted selfish and cruel toward Aclyn, making their relationship full of hatred and rivalry. As they grew older, both of them were destined to fight for the same throne, and their battle would decide the future of the Kingdom.*
